

# HIGHWOOD AUDIO

PROFESSIONAL MASTERING, BERLIN

info@highwoodaudio.com

+49 (0)30 - 417 65 040

## How We Work

**Send us an email and outline your project.**

|

We confirm and supply a time frame plus additional information if necessary.

|

**Use the upload function on [www.highwoodaudio.com](http://www.highwoodaudio.com) to submit your files.**

|

Your files are checked, reviewed thoroughly and we give technical feedback if needed.

|

**We arrange with you for the characteristics of the desired mastering result.**

|

The result of the mastering will be sent to you as a preview containing a fade-out.

|

**If revisions are desired they will be done on the spot.**

|

Once you are 100% satisfied you receive an invoice including delivered mastering services.

|

**Payment is due and afterwards the final files are made available via download.**

Usually, this is how we work. An important part of this mastering process is communication and how we collaborate with you (artist/label/producer/remixer) to achieve the absolute best sounding results for your music. If you have further questions, please send an email to our studio at: [info@highwoodaudio.com](mailto:info@highwoodaudio.com)
